

Bridging GDS & OTAs with Next-Gen Global Travel Tech Partner!

At TravellGDS, we lead the charge in revolutionizing travel through innovative portal development. Our agile team is committed to delivering cutting-edge, scalable solutions for global travel and hospitality enterprises.

Welcome to **TravellGDS**:
Your Global Travel Tech Partner

Navigating the Future of Travel Technology

Established in 2012, Amar Technolabs Pvt. Ltd's division, TravellGDS, stands as a leading force in travel portal development and mobility solutions, driven by a commitment to technology, innovation, and agile methodology.

Focused on Quality Solutions: Our skilled team is dedicated to delivering top-quality solutions with rapid turnaround times, ensuring the creation and delivery of scalable travel portals and booking engines.

Diverse Expertise: We specialize in a range of services, including B2B/B2C travel software, travel CRM, accounting software, car rental software, and mobility solutions. These offerings cater to the diverse needs of the global travel and hospitality industry.

Next-Generation Solutions: As a next-generation travel technology solutions provider, TravellGDS excels in providing GDS, OTA, Travel API, and XML API Integration services specifically designed for travel agencies and agents.

Empowering Your Business: With our dependable platform, you can easily kick-start your own online travel website and experience significant profit generation.

Exceptional Service Commitment: We are dedicated to providing exceptional service, and our track record is reflected in our satisfied clients. References to other top travel agencies worldwide are available, showcasing our reliability and industry standing.
